Mrs. Conyers had been in bad health for about three years and her husband moved to town from his farm near Wyoming last spring in the hope that it would benefit her health, but she gradually declined till the end came. She was a patient sufferer and had the tenderest nursing by the family and friends.

Mrs. Conyers was the only child of Mrs. Mandy Barber and was born Feb. 9, 1832. Her mother died Nov. 5, 1901. Mrs. Conyers was married to J. F. Conyers and lived in happy union with him, rearing five children, all surviving: Miss Maggie, at home; Mamie, wife of Arthur Markland, of the E. K. Telephone Exchange; Thomas; Emma, wife of Robert Anderson, of Wyoming; and Lee, at home.

Mrs. Conyers was a kind, good woman, affectionate and devoted wife and mother, and was esteemed by neighbors and friends. The bereaved husband and family have the sympathy of the community in their sorrow.

THE OLDEST TEACHER.—Olympia, Ky., August 31, 1908.—OWINGSVILLE OUTLOOK: Please accept my correction of your statement last week, in speaking of me as a teacher.

I commenced teaching the first Monday in Sept., 1843. I have taught every year since with the exception of five years. This will make 51 years, if I live to finish this. I have always tried to build up morality in my schools; to get the pupils to raise their standard in humanities and morality. I meet teachers in the rural districts, ministers of the Gospel and many other good citizens who have been students of mine in school. I am now teaching my fifth session in the Sour Springs schoolhouse. I am having a good attendance, and am informed by the patrons that I am teaching the best school they have had since I taught there last. Now, let me say to all that I never taught politics in my schools. Let us Democrats come together and have a Jeffersonian administration, which will bring peace and happiness to the world.

G. W. THOMPSON.

LAST SERMON.—Rev. George D. Prentiss and bride returned Saturday from their wedding trip and Mr. Prentiss preached his last sermon for this conference year at the M. E. Church Sunday morning and night.

Mr. Prentiss is a very earnest and zealous young minister and has labored faithfully to build up the churches here and at Mt. Pleasant. These two churches were his first charge by Conference. All indications point to his sure advancement in the ministry and wherever he may be assigned the ensuing year his many friends and admirers here wish him a happy and successful year and prosperous career.

FOR JAILER.—Wm. W. Nixon, of Preston announces himself a candidate for Jailer, subject to the action of the Democratic party.

Mr. Nixon is a son of ex-Jailer Samuel Nixon and, like his father, is a man who never scratched the Democratic ticket. He is a clever, sociable man, popular with the people, and has a large following of personal friends. He knows how to make friends. He asks that the voters give his candidacy their earnest consideration.

THE ROAD-WORKING.—The candidates were again on hand at the Kendall's Spring road-working Thursday. There were nearly two hundred workers present, including some boys, and they did about as much road-working as on the previous Thursday. There was a bountiful supply of provisions and the crowd had a big time, while doing good work also.

A GOOD ROADS CONVENTION.

Articles have appeared in THE OUTLOOK at different times regarding an enterprise which during the past year has been in active progress, to construct a turnpike along the way of Kendall's Spring, a distance of about four miles. About two and a half miles of this road are complete. The people of the southern end of the line, with the assistance of outside friends, have finished one mile of this road without assistance from the county, there being now only one-half mile just beyond the ford on Slate creek to make the chain complete. It is generally supposed that the Fiscal Court will convene in a few days and adjudge this matter, which will make the road complete to the county farm, and will give the people beyond, who through generations past, have been mud and creek bound, a chance to get to town during the winter.

At the gathering Thursday people came from the surrounding country with their teams, plows, shovels, etc. The workers were divided into companies and each man's part assigned him, to begin operations.

There was no oratory on this occasion, but a good deal of commotion in driving teams, blasting rock and blowing out stumps. There was a blacksmith on hand to do the work in his line. There was some ax grinding. There was not an oath heard, as the teams were well trained and did not need "cussing." No spirituous, vinous or malty liquors on the ground, as plenty of ice water supplied every deficiency. As to the soup it was so rich and so fine a mere mention of it would not suffice. There were seven large kettles, all in a row, with four varieties of soup—turtle, chicken, beef and burgoo. Much credit and honor are reflected on Messrs. Smoot, Rayburn, Stephens and a few small boys who made this soup and kept the pot boiling. There were a few policemen on the ground who did valiant service and most excellent work; a doctor to repair strained backs and to give counsel to those present not to do anything rash or reckless in the way of working or eating; one druggist, ready to supply them with healing balm; one grocer who worked, but never quit talking; a County Attorney, who made one of the best hands at the table; an undertaker, who is also a thoroughgoing turnpike man. In fact this was one of the jolliest and best crowds I ever saw. It would be difficult to find a small corner of the earth equally populated with better people than can be found in that neighborhood, and the visitors were glad to help them.

When the road is completed it will be one of the most delightful in the county to travel, if the ax is kept off the trees that arbor the way.

DR. A. W. WALDEN.

JNO. HEWITT KILLED BY LIGHTNING.—On Sunday evening about 6 o'clock John Hewitt, wife and daughter were at the barn at their home on lower Flat Creek. An electrical storm came up and Mr. Hewitt, who was leaning against a post of the barn, remarked to his daughter, standing a few steps away, that they had better get to the house. There came a flash of lightning and the daughter saw her father stagger. She grabbed him and kept him from falling. He died almost instantly from the lightning stroke.

The interment was made at Longview Cemetery, Bethel, at 11:30 o'clock a. m. Tuesday. The pallbearers were John Webb, Dan Palmer, F. M. Vice, J. R. Corbin, H. J. Doggett and Spencer Boyd.

John Hewitt was born Nov. 15, 1841. He was a son of William Hewitt and wife, who came from Scotland and settled at Bald Eagle. George Hewitt and Mrs. Richard Stamper, both deceased, were brother and sister of John Hewitt. Mr. Hewitt married Miss Sallie Gudgell, daughter of Joseph Gudgell and wife, both deceased. She and their children, Misses Essie and Lizzie and Edward, all at home, survive. Mr. Hewitt was a prosperous farmer and one of the prominent citizens of his section, being liberal and progressive in his views and practices. He stood high in the regard of his neighbors and his untimely death is deeply lamented by a multitude of friends. His family have the warmest sympathy in their loss.

TO ALL MEMBERS OF THE BURLEY TOBACCO SOCIETY.

Your attention is hereby urgently called to the fact that the by-laws of the Burley Tobacco Society provide that on the last Saturday in September of each year all members of the Society shall meet at their respective voting places and shall elect one of their number a delegate to represent his precinct at an election to be held at the county seat on the first Saturday in October of each year for the purpose of electing a director of this Society.

The precinct delegate not only casts the vote of his constituents in the election of a member of the district board from his county, but is also a member of the county board of control in his county.

In order that the election shall express the will of the members of the Society, let every member be at the regular precinct voting place at 2 p. m. on the last Saturday in September.

"Look ye out among you men of honest report, full of wisdom, whom ye may appoint over this business;" men of integrity, business ability and public spirit.

Do not neglect this important duty and then complain of results. The future of the Burley Tobacco Society depends upon the character of the men elected on the county boards of control and on the district board at the ensuing election.

Remember the day, the hour, the place, and the importance of doing your duty in this election.

All samples of 1907 tobacco should be sent to the central office at Winchester as early as possible. While the days are long and bright the grading can be done much more satisfactorily than when the weather is cold and the skies dark. It is greatly to the interest of the farmers as well as to the interest of the Society that samples be sent as soon as they can be properly prepared.

Done by order of the Executive Committee.

FINE LECTURE.—Mrs. Cora Wilson Stewart delivered one of her fine lectures on Wednesday evening during the Institute to a very appreciative audience, her subject being "That Child and His Parents."

Miss Partridge, who came under the auspices of the State Federation of Women's Clubs, explained to the Institute so plainly and so fully the needs of organizing for School Improvement Work that we expect soon that every teacher will have an active League in his or her district. The County League is ready to assist and has several appointments made.

PICKETT METCALFE, Supt.

IMPROMPTU PIGEON SHOOT.—At daylight Monday morning town folks were startled by a series of gunshots and were apprehensive that some belligerent persons were gunning for each other. It turned out to be Wes Honaker and Oscar Palmer making war on the flock of pigeons that have been roosting on the Court-house tower and deranging the clock by perching on the hands. Fifteen of the birds were killed, giving the gunners sport and meat for the pot.

MISS MARY REYNOLDS' DEATH.—Miss Mary Reynolds died at the home of her brother, Stephen Reynolds, on Jones' Branch, Sunday morning. She was buried at the Warner graveyard Monday morning at 11 o'clock. Funeral services were conducted by Elder Cleveland Carpenter in the presence of a large number of kindred and friends. She was aged 62 years and had been a faithful member of the Christian Church for 48 years.

KILLED HER HUSBAND.—Mrs. Bessie Bramel Smoot shot and killed her husband, Ed Smoot, on the railroad station at Flemingsburg Monday and then shot herself, making a flesh wound. They had been separated for some time. She and some man while walking together on the street recently were fired on by some one unknown.

ARM BROKEN IN RUNAWAY.—Rev. Ed Anderson and wife, of Craig, were out driving Sunday. A groundhog was seen along the road and Mr. Anderson got out and killed it, throwing by the side of the road. The horse took fright at the animal and ran away, throwing Mrs. Anderson and fracturing her left forearm.

All are invited. Don't forget the date of Miss Power's opening, Sept. 19. Prices to suit all.

MONUMENT TO PETE OURSLER.—Piggott, Clay Co., Ark., Aug. 30, 1908.—Editor OUTLOOK: I see in the Winchester Democrat an account of "Pete's" death; and that he was buried among strangers and probably in the Potter's field. I do not think he should be left without some stone to mark his grave. I think his Kentucky friends should make up enough money to put a stone to his grave. I will give a dollar to start it. See if you cannot get others to do as much.

I am a native of Winchester; never saw "Pete" until last December. He visited me and worked two months. I liked him. He said he must get on to a tobacco country.

I have written to the Mayor of Weston, Mo. Suppose you do the same.

If you will write the Democrat and Sun-Sentinel, Winchester, they will help.

It would be a credit to his Kentucky friends to erect this stone, after the cruel reply of his brother.

Yours respectfully,
GEORGE M. JACKSON.

THE OUTLOOK is willing to help in the matter. Let us hear from Pete's old friends.

OVERCROWDED.—As the rfd carriers did not go out Monday some correspondence came so late that we could use only a few items of each. Also an obituary article was held over until next week.

Remember, next Saturday is the last day to make bids on the sewing-machine at Bud Brothers.

BOX SUPPER.—There will be a box supper at Reynoldsville school-house on Friday evening, Sept. 11, 1908. The proceeds are to be used in the "School Improvement Work." Everybody is invited.

DAMAGE SUIT.—The Winchester Democrat says C. S. Ratliff has sued the Postal Telegraph Co. in the Clark Circuit Court for \$7,500 because a message that his brother had died in Louisiana was not promptly delivered at that end of the line.

CARD OF THANKS.—My most appreciative thanks are tendered the good people for their kindness to my dear wife during her illness and their sympathetic words of comfort to me and my family on her decease.

J. F. CONYERS.

AUTO ACCIDENT.—Walter Tridgett, who acts as chauffeur, started to get into Perry Flora's automobile Sunday morning at Markland's stable while the machine was running and his foot caught in the chain running on the sprocket wheels, mashing his foot and stopping the machine. A thick-soled shoe prevented his foot from being cut in two.

PUBLIC SALE.—On October 1, 1908, we will offer for sale, if not sold before that date, the farm of H. T. Cord, deceased. It is located in Fleming county, three miles east of Helena Station, convenient to stores, schools and churches. There are 177+ acres, all under excellent state of cultivation, all in grass except 18 acres now in corn, and 30 acres recently in wheat. There are two good residences with all necessary outbuildings, cribs, stables and never-failing water. It can be divided and sold in two parts of equal acreage, or sold as a whole. Persons desiring particulars may apply to James C. Cord, on the farm, or Wm. H. Cord, Mt. Sterling, Ky.
